

Curriculum vitae

Aahraf Awad Mohammed Ahmed Warraq

Carrier Objective:

To be Employed As an Electrical Operation Technical in Substation Operation & Control , Instrumentation , Motor testing Troubleshooting , and other Electrical Equipment to Ensure the Energy Needs of the Organization is Guranteed.

Personal Information:

- *Nationality:* Sudanese
- *Date of birth :* Agust -1987
- *Status:* Single
- *Current Location :* Qatar
- *Telephone:* 55482557
- *Other Telephone:* 33370714
- *E-MAIL:* ashrafwarraq@gmail.com
ashrafwarraq@protonmail.com
- *National Service :* Completed

Educational Background:

1. Diploma (Three years) in Electrical & Electronic Engineering with major in power Engineering (Second Class-Division Two) from Nile Valley University 2005 to 2008.

Grraduation Project:

Power System State Estimation for Electrical Grid 500kv in Sudan .

Training Courses:

1. Power Generation Station at Berber Cement Company Ltd.
from 18/7/2019 to 17/8/2019.
2. Low Voltage Switchgears in Exemplar Center for Engineering Training
& Carrier Development from 21/4/2018 to 26/4/2018.
3. Modern Industrial Control in Exemplar Center for Engineering Training
& Carrier Development from 17/3/2018 to 27/3/2018.
4. Load Calculation Cable, CB Sizing for Electrical Installation Design in
Exemplar Center from 24/2/2018 to 1/3/2018.
5. Modern Power System Protective Relaying in Exemplar Center
From 17/12/2017 to 26/12/2017.
6. Sudanese Electricity Distribution Company from 1/12/2011 to 31/3/2013.
7. Sudanese Petroleum Pipelines Holding Company
From 14/6/2010 to 4/7/2010.
8. Programmable Logic Control (PLC) in Nile Valley University
From 5/1/2010 to 19/1/2010.

Work Experiences:

A. Institution : Sudanese Electricity Distribution Company

Position : Electrical Technical

Description : Operation & Maintenance power Distribution Substation
33kv/11kv/415v, power Transformers, Low & Medium Lines Voltage
Installation Cables & CBs >33kv and Digital & Classical Electrical Meters

Period : 1/2/2012 to 31/12/2017.

B. Institution: Aresco Company for Installation.

Position : Electrical Technical.

Description : Operation & Installation of Motor, Contactor, Overload
Relay, Sensors, Soft Starter and VFDs.

Period: 1/7/2009 to 30/1/2010.

C. Institution: Atbara Factory For Chemicals and Bicks

Position: Electrical Technical.

Period: 25/12/2008 to 25/6/2009.

Skill :

E-tap : Load Flow Calculation, Fault Level Calculation

Matlap: Power System State Estimation Calculation.

Gem: Ground Resistance Calculation.

Computer: Microsoft Office, Excel, Computer Hardware & Maintenance.

- Active Hard work under All Condition.
- Love Team Work.
- My Personal Qualities Include being Consistent , Honest, and Dependable and a Go Getter Attitude.
- I have Good Inter – Personal & Relationship Management Skills and Appostive Attitude.

Languages:

Arbic: Mother language.

English: Very good.

Refrence:

Fath Al-Rahman Musa Deputy Director Of The Northern Sector Of
Sudanese Electricity Transmission Company

+249123321375.
