Sex Male | Date of birth 03/04/1988 | Nationality Sudanese

## PERSONAL STATEMENT

As a highly motivated person with various fields of experience in civil engineering and management, I am seeking more challenges in my career to reach the maximum performance for me and the organization served to leave a mark of my works and serve the organization to achieve its goals.

## WORK EXPERIENCE

OCT 2017 – NOW

## PROJECT MANAGER

QABAS ENGINEERING, KHARTOUM (SUDAN)

- Planning and directs all design engineers, drafters, and technical engineers working on specific projects.
- Managing the development, implementation, and evaluation of complex designs.
- Overseeing product construction and testing in order to ensure completion of projects as efficiently and effectively as possible.
- Evaluating and approves changes that substantially impact the scope, budget, or schedule of a project.
- Monitoring progress and performance against the project plan
- Reporting to the higher management.
- Managing through subordinate managers and professionals in larger groups of moderate complexity.
- Provides input to strategic decisions that affect the functional area of responsibility.
- Assisting in developing the budget.
- Resolving escalated issues arising from operations and requiring coordination with other departments.

**Business or sector** Engineering, Project management, Residential and Commercial facility Construction.

FIB 2016 - FIB 2017

## Planning Engineer

AL RAJHI AGRICULTURE &amp; INFRASTRUCTURE CO. RAIC, Barbar (Sudan)

- Deciding on the most appropriate engineering techniques and sequences of activities for each project stage (Pivots, pumps, canals, pipelines... etc.).
- Planning and analysing expenses and identify opportunities to save cost and make sure complex projects are handled on time and on budget by overseeing the project planning, inventory services, cost control, team leadership, and project management.
- Drawing plans; using specialized design software packages.
- Ensuring plans meet the client's specifications.
- Supervising the project at all stages and providing solutions to problems.
- Collaborating with site managers, surveyors, engineers, site worker and other professionals.
- Driving continuous improvement by working with leadership to identify gaps in key performance areas and plan activities to increase overall project efficiency, in order to provide guidance and deliver schedules to facilitate project execution strategy.

**Business or sector** Engineering, Project management, Industrial and hydraulic Construction, Agriculture, Infrastructure and Irrigation

JAN 2015 – NOV 2015

**Project Engineer**

AHMED ALI ALLINJAWI CONTRACTING CO. Dubai (UAE)

- Developing project objectives by reviewing project proposals and plans.
- Determining project responsibilities by identifying project phases and elements; assigning personnel to phases and elements.
- Determining project specifications by studying product design, customer requirements, and performance standards.
- Confirming product performance by designing and conducting tests.
- Determining project schedule by studying project plan and specifications.

**Business or sector** Engineering, Project management, Residential and Commercial facility Construction.

NOV 2011 – OCT 2014

**Site Engineer**

AL-Butana Concrete &amp; Trading Works, Khartoum (Sudan)

- managing parts of construction projects.
- overseeing building work.
- undertaking surveys.
- setting out sites and organizing facilities.
- checking technical designs and drawings to ensure that they are followed correctly
- supervising contracted staff.
- ensuring projects meet agreed specifications, budgets or timescales.
- liaising with clients, subcontractors and other professional staff, especially quantity surveyors and the overall project manager.
- providing technical advice and solving problems on site.
- preparing site reports and filling in other paperwork.
- liaising with quantity surveyors about the ordering and negotiating the price of materials.

**Business or sector** Engineering, Project management, Residential and Commercial facility Construction**EDUCATION AND TRAINING**

07/10/2005–12/09/2011

**Bachelor of science (honors) in Civil Engineering**

University of Khartoum, Khartoum (Sudan)

- An ability to knowledge of mathematics, science, and engineering.
- An ability to design and conduct experiments, as well as to analyze and interpret.
- An ability to design a system, component, or process to meet desired needs.
- An ability to identify, formulates, and solves engineering problems.
- An understanding of professional and ethical responsibility
- An ability to communicate effectively-The broad education necessary to understand the impact of engineering solutions in a global and societal context.
- A knowledge of contemporary issues.
- An ability to use techniques, skills, and modern engineering tools necessary for engineering practice.

**PERSONAL SKILLS**

Mother tongue(s) Arabic

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2	B2	B2	B2	B2
IELTS (B2).OCT 2017					

**Communication skills** good in performing formal and informal communication skills.  
excellent in face to face network.

**Organisational / managerial skills** Good team leading and training skills (in my third job I was the head off the training program in agricultural project for undergraduate students which took a part as subsidiary requirement for their graduation year)

**Job-related skills** Detailing Programs: AutoCAD, AutoCAD Structural detailing  
Structural Design Soft wares: CSI Software (E-Tabs, SAP and SAFE), STAAD-Pro and Prokon  
Project Planning with Primavera 6  
ARC GIS, Water-Cad and Programming with FORTRAN

**Digital skills**

SELF-ASSESSMENT				
Information processing	Communication	Content creation	Safety	Problem solving
Excellent	Excellent	Excellent	Excellent	Excellent

- good command of office suite (word processor, spread sheet, presentation software)

**Driving licence** B (UAE Issued)

**ADDITIONAL INFORMATION**

**Memberships** ▪ A member of Sudanese Engineering Council.

**Courses** - Autodesk AutoCAD 2D&3D Course.  
**Certifications** -Primavera.  
-Autodesk Civil 3D (Autodesk Certified).  
-Project Management Professional Course.
