

KHALID ELHAG HASSAN

Senior Warehouse and Inventory Operations Supervisor

Dammam, Eastern Province, Saudi Arabia | kh_alhaj@hotmail.com | +966-538051012 | [LinkedIn](#)

PROFILE

Warehouse Manager/Supervisor with 19+ years of progressive experience leading warehouse operations, inventory control, and logistics support across industrial, retail, contracting, and education environments. During my tenure with **SENA'AT Industrial Group – Zamil Air Conditioners**, I spent my first two years (Dec 2021 – Dec 2023) supporting warehouse operations in **Riyadh**, where I gained extensive experience in large-scale distribution and warehouse management. Since **Dec 2023**, I have been supporting the **Oil & Gas sector** in the Eastern Region, **developing strong expertise in Oil & Gas customer requirements, material control procedures, compliance standards**, documentation, inspection protocols, and customer-specific warehouse criteria.

Proven ability to establish and manage warehouse departments, supervise teams, enforce FIFO and inventory accuracy, and coordinate receiving, dispatching, procurement, and logistics activities. Strong background in ERP systems including Oracle Fusion, Microsoft Dynamics AX, and Dynamics 365, with advanced Excel reporting and inventory analysis. Recognized for improving operational efficiency, maintaining accurate records, and supporting timely material flow across multi-site operations.

PROFESSIONAL SUMMARY

Warehouse Operations Supervisor with 19+ years of experience in logistics, inventory control, and supply chain operations across industrial, retail, and contracting sectors. Proven track record in managing multi-site warehouses, improving stock accuracy, and optimizing material flow. Advanced user of ERP systems including Oracle Fusion and Microsoft Dynamics 365, with strong analytical reporting skills using Excel. Skilled in team leadership, process improvement, and cost control.
