

MOHAMMED HUSSEIN MUSA

Telecommunications & Security Specialist

☎ +249-901868787 | ✉ asad1132002@yahoo.co.uk | 📍 Port Sudan, Sudan |

❖ PROFESSIONAL SUMMARY

Seasoned **Security & Telecommunications Professional** with 15+ years of experience in high-stakes environments, including conflict zones, UN humanitarian operations, and diplomatic missions. Expertise in crisis management, HF/VHF systems, GPS tracking, and staff evacuation protocols. Trusted by organizations like the UN, UNICEF, ACTED, and the US Embassy for ensuring operational safety and seamless communications in critical scenarios.

❖ KEY SKILLS

- Diplomatic Security Operations | Crisis Evacuation Planning | Access Control & Incident Reporting
- HF/VHF Radio Programming | GPS/VSAT Systems | Fleet & Personnel Tracking
- Humanitarian Logistics | Risk Assessment (MOSS) | Staff Training & Safety Protocols
- Fluent English & Arabic | Advanced MS Office | Lotus Notes/Outlook

❖ PROFESSIONAL EXPERIENCE

➤ **Security Assistant**

| ACTED Sudan | Port Sudan, Sudan | *Dec 2024 – Present*

- Lead security analysis and risk mitigation for ACTED's operations in Sudan, issuing weekly reports on regional threats and actionable recommendations.
- Reduced security gaps by 30% through regular MOSS self-assessments and upgrades to premises safety protocols.
- Trained 50+ staff on security SOPs, ensuring 100% compliance with UN access control and emergency response procedures.
- Drafted 15+ Security Incident Reports (SIRs) and coordinated with NGOs/UN agencies during crisis situations.

➤ **Local Security Forces (LGF)**

| **U.S. Embassy in Sudan** | Khartoum, Sudan | Oct 2022 – Mar 2024

- Monitored and controlled access to embassy facilities, ensuring the safety and security of all personnel, visitors, and property.
- Conducted routine patrols and security checks across the embassy premises, identifying and addressing potential security risks.
- Operated and maintained security systems, including CCTV, access control systems, and alarms, ensuring effective monitoring of the embassy grounds.
- Responded promptly to security incidents, emergencies, and unauthorized access, following established protocols to maintain order and security.
- Assisted U.S. Diplomatic Security in providing protection during high-security events, dignitary visits, and emergency situations.
- Collaborated with local law enforcement and embassy security staff to ensure adherence to security protocols and procedures.
- Performed thorough inspections of vehicles, packages, and personnel entering the embassy to detect and mitigate potential threats.
- Maintained detailed records and incident reports, ensuring accurate documentation of daily activities and security-related events.
- Attended regular security training sessions, staying current on best practices and emergency response procedures.
- Supported security drills and exercises, enhancing readiness for emergency and crisis situations.

➤ **Telecommunications Assistant**

| UN World Food Programme (WFP) | *Multiple Locations* | Feb 2006 – Jan 2014

- Programmed and maintained 500+ HF/VHF radios across 5 field offices, ensuring uninterrupted communications for UN agencies.
- Tracked 200+ vehicles/staff daily via GPS, reducing incident response time by 40% in conflict zones.
- Trained 50+ personnel on radio protocols, improving compliance with UN security regulations by 25%.

• **Private Driver & Logistics Support**

| UNICEF Expatriate | Khartoum, Sudan | Mar 2019 – Jun 2019

- Safely transported UNICEF personnel during Sudan's 2019 political crisis, implementing real-time risk assessments.

• **Transport Agent & Tour Guide**

| Ridan Travel Agency/Private Business | 2014–2019

- Optimized delivery routes for equipment transport, cutting fuel costs by 15%.
