AHMED BASHIR DAWOD

Chemical Engineer

SOCIALMEDIA

<https://www.linkedin.com/in/ahmed-bashir-789aa2264> <https://wa.me/message/SAYX2IYVJVODE1>

PROFILE

- Fresh Graduate Chemical engineer with a good theoretical background who willing to learn and to improve in chemical and processes engineering. Believe that working with team will help in self developing by gaining knowledge from teammates and giving them back. appreciate individual who works hard and learn more and more, given value and help the world recovery from contamination and will to help others. There are no limits for learning skills strong degree first class with bachelor of science Hons in chemical engineering and chemical Technology

EDUCATION

2016 → 2023 Bachelor of Science Honors in Chemical Engineering
University of Gezira

Work experience

02-2023 → 02-2023 Training program was included:
Tabuk Pharmaceuticals
Quality assurance

- Quality assurance

2022 → 2022 Training program was included:
Fuchs lubes & oil factory
Chemical engineer

- Process Engineer
- Quality Control

PERSONAL SKILLS

- ✓ Strong grasp of process engineering principles (mass & energy balances, fluid dynamics, transport phenomena, process control).
- ✓ Analytical/problem solving - Acute decision making.
- ✓ Acute decision making.
- ✓ Effective written and verbal communication.
- ✓ Teamwork and collaboration.
- ✓ Technical capabilities.
- ✓ Critical thinking.
- ✓ Working with engineering teams.
